# Achieve

Achieve seamlessly integrates with your LMS, creating a dynamic, supportive learning environment. It combines all the features instructors and students value—interactive e-book, adaptive Learning-Curve quizzing, immersive activities, and robust instructor resources—empowering every learner to succeed.

This powerful platform offers:

• Mobile-friendly interface for easy navigation

• Advanced analytics to track student progress

• Goal-setting surveys to encourage metacognition

• Integrated iClicker system with customizable questions

• Extensive Video Collection to engage learners

New in Achieve for Introductory Psychology for 2025

Macmillan's new assignable primers **Student Skills Activities** for Intro Psychology build essential skills--like note-taking and how to read research articles--without using class time. Achieve also features an **updated Intro Psych Video Collection** with 100+ NEW videos with captioned clips, content warnings, expanded assessments, and auto-tracked grades. **Both** resources combine quality, accessibility, and rigor to support student and instructor success.

For more about **Achieve for Psychology** contact your local **Macmillan Learning** representative or **visit us online.**
